

Call for Posters
ACA Conference 2017
“Archives, disrupted”
Ottawa, ON
June 7 – 10, 2017

The ACA 2017 Program Team is pleased to invite submissions of abstracts for poster presentations. Topics relating to the 2017 conference theme “Archives, disrupted” are especially encouraged, though other topics addressing any aspect of archives and/or records management will be considered. For more information about the conference theme, visit the ACA conference website at <http://www.archivists.ca/content/program>.

A poster presentation is one in which information is summarized using texts and images, and presented in a poster format. This is an excellent opportunity to highlight your repository, a digitization project, a research project or other initiative, and share your work with your colleagues from around the country. The posters will be on display, with trade show exhibitors, on Friday June 8th at 3:00pm. As in previous years, the display will be preceded by lightening round presentations. Up to 12 poster presentations will be selected by the Program Team for display. The ACA reserves the right to cancel the posters in the event that insufficient submissions are received.

The poster should be 48” wide (121 cm), and up to 48” high (121 cm), and can either be professionally printed or created by hand. ACA provides the stands for display of the posters (Afix display units - www.afix.ca). Successful applicants will receive additional detailed information about the display units and poster production recommendations, including paper type. Please use this URL for your submission:

<http://archivists.ca/content/aca-conference-poster-submission>

We kindly ask that you limit yourself to only one poster per submission. **The deadline for submissions is: January 13, 2017.**

Questions should be sent to: April Miller, Chair, ACA 2017 Program Team, via e-mail: archivist_april@yahoo.com
